Welcome to the largest value-driven life science park in Scandinavia.

Who we are:

- 2,800 scientists, entrepreneurs, and facilitators across 180 businesses/ organisations representing a broad life science spectrum - from prevention and diagnostics to treatment and care.
- Owned by a public foundation donating its surplus to academic research.
- The first sustainability-verified science park in Sweden.
- Located in an innovation cluster, within walking distance of Lund University, Skåne University Hospital, MAX IV, and the European Spallation Source (ESS).
- Part of Medicon Valley - one of Europe's strongest life science clusters.
- 92,000 sqm of rentable area (equals 13 football pitches), with 55 % designated as laboratory space including a brand new laboratory building - we are experts in building and supporting laboratories.
- A high-profile conference venue and restaurant offering first-class services.

Follow us on LinkedIn (one of the most followed of its kind in Scandinavia).
